PROSPECTUS OF THE INDEPENDENT.

The Independent is published every week, in Oskaloosa, Jefferson County, Kansas, and is devoted to Literature, Arts and Sciences, LOCAL AND GENERAL NEWS, Agriculture, Horticulture & Markets, and all features necessary to make it a suitable and desirable paper for THE HOME CIRCLE, The Merchant, Mechanic, and Farmer.

As its name indicates, it will be independent on all subjects, (not neutral,) and in all respects up to the times—a live paper; fearlessly following where Truth shall lead the way; careful of others' rights, firmly maintaining its own.

In conducting this enterprise, the proprietor brings to his aid the valuable knowledge acquired in Ten Years Experience as an Editor and Publisher, and knowing no such word as fail, he feels confident of success; and hopes to meet a kind and welcome reception among new acquaintances and future friends.

Until the undersigned arrives at his future home, to take charge of the office, the business and local interests of the paper will be conducted by JOHN W. DAVY, Esq., Oskaloosa, Kansas, to whom applications should be made or letters addressed. J. W. ROBERTS, Proprietor.

AYER'S AGUE CURE, FOR THE SPEEDY CURE OF Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, induced for the whole class of diseases originating in bilious derangement, caused by the Malaria of miasmatic countries.

No one remedy is louder called for by the American people than a sure and safe cure for Fever and Ague. We are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder is not of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of the miasmatic poison of Fever and Ague from the system and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body, and in bilious districts, where Fever and Ague prevail, every body should have a supply of it for their own use, and for the use of their families.

It is a perfect cure for the disease, and its effects are permanent. It is a perfect cure for the disease, and its effects are permanent. It is a perfect cure for the disease, and its effects are permanent.
